

1. Aligning the Smart Bezel

Begin by aligning the Smart Bezel so the LED indicator on the bezel is on the same side of the Zuma notch as per Fig 1.

Fig1

2. Connecting and Configuring

Push the smart bezel up towards the ceiling unit until it clicks into place.

Fig 2

Wait for the LED indicator on the Smart Bezel to flash, this indicates the Smart Bezel is connected.

Following this, go to the Zuma app and follow the steps to configure your smart bezel.

3. Warranty

This product is an accessory of Zuma Lumisonic ZMSB-01 & ZMSB-03. Please refer to the product documentation for relevant declarations and safety warnings.

Failure to adhere to these conditions will risk invalidating the warranty.

The time period of your warranty will be determined by your original point of purchase. Please refer to your original point of purchase for additional information.

In the event that Zuma Array Ltd has diagnosed the product as damaged or faulty, please refer to your original point of purchase to make a warranty claim. For all warranty claims, you will need to provide proof of purchase.
